“ *Dr Cabatu was an amazing person she was my pedo doctor when she was working at Visalia health clinic and then she was my baby's pedo doctor as well. She never gave up when I was really ill and she always examined her pts well. She was super nice and my daughter liked her she didn't cry with her. I cried when I found out Dr died. WHEN family health car told me she wasn't longer working there I thought it was odd and I was determined to find out where she went. She's the only pedo doctor I wanted. My prayers go out to her family and friends. I pray that God takes good care of her in heaven. RIP we will all miss you!*

“ I was very saddened to hear of the passing of Dr. Cabatu. She has been my daughter's pediatrician for several years and we both really liked her a lot. She always had a smile on her face and knew how to talk to a 3, 4, 5 year old. She spent the time to listen and figure out the best solution. A very good doctor who will be missed dearly. My thoughts are with her family, friends and colleagues at this time.
