“ Remembering Aleida and the old days of movie and pizza marathons. Her taking my son Christopher to the dinosaurs exhibit when he was little. She was also my birthing coach for my daughter Courtnei's birth. I remember when she met Leonard and how she knew he would be her love. God bless you Aleida, and may God comfort your loved ones.

“ Aleida, you were taken from us so quickly that it still doesn't seem real. The memories we share during our outings with the boys were some of the best of times! I'm glad we were able to share one last margarita together. You will be missed my friend..take care until we see each other again.

“ *I stopped by the office on Thursday and it wasn't the same... You left a hole in the office the same way you left it in our hearts. You have won us in the race of life. You will be missed my friend. It was a pleasure meeting you and having you in the office... An office where we shared smiles, jokes, and our brains :) Gone but not forgotten... Til we meet again my friend.*

“ its hard entering the office because your not here and the aroma of your coffee doesn't hit me. I'd tell you "you must be mad" cuz the coffee is strong" and you would laugh. I'm going to miss you girlie, the way you went from laughter to p.o in 0 to 60sec. I'd giggle to myself when you weren't looking. my deepest condolences to Leonard and your family. Another beautiful Angel taken but not forgotten. thank you for being my friend even for this short period of time that we had.
