“ *I am sad to hear of Stacy's passing. Stacy has come to mind through the years. We we first met in January 1976 at TulareView. I a recent nursing graduate, he a mental health worker. He knew so much more about how to work with the patients than I did. Stacy was kind and helpful, easy to talk to and made everyone feel at ease. I watched how he approached patients and how he made them feel heard. Through the couple of years I worked there he was always there to help fellow team members and always respectful to the patients, even in the hardest of times. I went on to work 40 years is mental health. What I learned during the times spent with Stacy and other Tulare View staff remained with me always. Today as I write this I can still see his smile, hear his soft tone of of voice, envision his relaxed body stance.*

*I am so sorry for your loss. May you be wrapped in Angel's arms and guided through this time.*

*God be with you all.*
