“ I think about Andy every day! The beginning and end of the school year usually included that text from Andy, wanting to ride share to either a flex day or a graduation. For me, the ride was the best part of either of those days!

Andy was one of those people in my life that made me smile and reel in my usual skeptical way of looking at things. He often seemed somewhat uncomfortable with "negative" vibes and would redirect my thinking towards more positive views. I felt important to Andy and that was so important to me. He was one of those teachers at the college that students were eager to learn from and I wanted that same reaction. I wanted to be viewed by my students, as Andy's students viewed him. He was loved and he created an environment that gave people an opportunity to expand their margins of possibilities.

I'm a neighbor. I'll show up for Dominique and his boys. (559) 799-8490.
