“ *The memory that has a place in my heart with my grandpa was when I was in middle school and it was my last year and I had a soccer tournament, my mom couldn't take me and I had to be there because I was captain . I had told my grandpa which I don't want to do because he looked tired so I asked and he jumped out and said vamos get your stuff and let's go and he took me and stayed till the end cheer me on when I was left with half a team most didn't show up but I played my best and hardest because I didn't want to let him down and I wanted to prove to him that being me here wasn't for nothing seeing him and smiling and cheering me on is going to stay with me because my grandpa is a stone face person and you don't know what you'll get from him but yeah if you don't know he was a big soccer fan me and him watch Spain in the World Cup every year thankfully I talked to him about the last week a few weeks ago that Spain won it*
