“ *I'm going to miss you grandpa so much but I know you are in a better place now. You were always such a BIG part of my life growing up. I will always remember staying with you and Grandma on the weekend's and going with you to check the lemon orchard's. I use to wear those "bracelets" as I called them which were actually the size rings for the fruit to determine whether they were big enough to be picked yet. Oh, and I will always remember the first summer I went to visit you and Grandma in Arkansas. All of us grandkids thought your new riding lawnmower was our TOY to ride around the yard. We were told not to put it past a certain gear or speed and as soon as you'd go in the house Jason and I were quick to speed it up. I love you so much grandpa and will cherish all of the wonderful memories we made. You'll forever be in my heart.*
