“ *My dearest Brian, Terri and Judy:*

This is such a tragic loss and my heart breaks for your family. A parent or grandparent should never have to lay their child to rest before them. Even as young as 27, Brian was a joyful part of countless people's lives. He is welcomed into the presence of Jesus with the words "I am here because of you!"

I pray for comfort to your entire family during this sad time. Know that Brian is with the Lord at that he left this world doing something he loved. We will all join him some day in Heaven where there are no tears, no sorrow and no pain. I am so sorry I couldn't be there for the services. May the Lord be with you.

Love you always, Denet Grissom

“ *So sad when you open the local paper and see the name of a former student in the obituaries. I can recall the 6th grade Brian with a sense of humor and kindness towards his classmates. He was very creative and I specifically remember a book he made while we were studying Ancient Greece. All the artwork was cut freehand (not drawn on paper first) out of construction paper and was beautifully done! I was so impressed! As a teacher you only have students for a year, but they make an impression on you for a lifetime. My condolences to the family. -Mrs. Stone, Roosevelt Elementary, Kingsburg, 1999-2000.*
