“ Red represent desire, strength, and passionate love. With beauty, courage and heat as its symbolism, it's no surprise that a bouquet filled with rich, red blooms knows no restraint. This is what this candle is to me for Caroline.

I saw this in Caroline; I met this lovely women a few years ago, and can honestly tell you I felt I knew her a lifetime when we would meet up she had nothing but love and kindness. Her smile lit up the room I will truly miss her in our get togethers.

My Dear Caroline:

We had so many great memories growing up. One of my fondest memories is when I would ride my bike to birdland after you moved from next door so we could hang out, How we loved tiger beat magazine and had a fan club. When we went to see the Jackson Five in the Fresno Selland Arena. When you had your Quincianera and you allowed me to be a part of that.

You are with our Father in Heaven and one day we will dance together again.

Love you, Lizzy
