“ *I have known Darrell for about 17 years. He was a friend and well respected colleague. He taught me so much about this business and I gained great insight from him for many years. He will be truly missed and the industry has lost a great leader. Thank you for all you shared and always being supportive to us. Our thoughts and prayers are with his family at this time.*

“ *I have known Darrell for about 20 years, where we worked together at Terminix. He was a friend to all and a great guy to be around. His leadership in the industry and knowledge of the business will be sorely missed.  
May God bless his family and comfort them at this difficult time.*

“ An extraordinary human being that I counted as a life long friend will be missed. He and I were original members of Dorris Burchett's "Mellow Dudes Club" along with Larry Pruitt, Howard Oates, and a couple other Regional Managers back in the good 'ol days. We worked hard, laughed a lot, and supported each other always. Darrell was a guy that brought a smile and chuckle to every conversation you had with him and was the first one there to be of help when needed. Darrell, when the rest of us get there we will have to form a "Mellow Dudes Angels" club....I know you will be waiting on the few of us left. Thanks Darrell for being a part of my life and to the family I wish peace and blessings for your loss of this great guy!

“ I have so many fond memories with Darrell. He took me under his wing after we met and mentored me for years. He helped mold me into the professional I am today, and I will forever be grateful for his mentorship and friendship. He was an amazing man with a huge heart who will be missed dearly by all.

“ I first met Darrell when I moved to Valley Rd. in the early 90's. As most of you know, there was never a dull moment when Darrell was around. We had a lot of fun going to Kings games, the Sacramento Surge games, the drag strip, NASCAR, Sac State football, baseball and of course the annual rodeo at Arco. We played quite a bit of basketball, golf and we were on a few softball teams together. On the softball teams Darrell was known as "The Matador" because of the way he would wave his glove at a hot grounder he didn't want to get to close to. After the ball got by him the team would all yell "OLE" and he would just laugh.

In 1999 I moved away from Sacramento and didn't see Darrell as much as I should have. I will miss knowing that I could stop in anytime for a visit with him and have a laugh about our times together. So as Darrell would say, "That's my story and I'm sticking to it".

“ Even though Darrell has left our presence, his memory will live on. There are just too many stories to tell about Darrell, beginning here with the Monterey Bay District.

*Hi Darrell & Family:*

*This is Jerry Motak, owner manger of Standard Termite & Pest Control in San Francisco. I saw your ad in the sacramento bee obituary. To Darrell's family, Cora and I give our sincere condolences. In case you talk to St. Peter before I do which is what happen even though we didn't expect it, could you put a good word for me to St. Peter that we are pest technicians and deserve front rows. Thanks for the memories, my favorite one when we traveled with PCOC to Cancun and he was upset that the mexican airlines was holding up for the soccer team in San Francisco on our way to Vacation, then on the way back, he got upset at the stewardess that we circled the San Francisco airport three times before we could land. Rest in peace Darrell, perhaps St Peter will hire you to get rid of the two legged pest in heaven.*
