“ *Mr. Don as we call him, was one of our 1st wonderful neighbors to greet us as we moved into the neighborhood. We immediately appreciated his kind and thoughtful heart. It was obvious he had a grateful and happy outlook on life. He proudly spoke of his family and his past working career and relationships. We will cherish our short time with him, the ferns he kindly gifted to us and will miss his presence here in the neighborhood. Its so wonderful to meet someone and see you have a trustworthy friend already. That is how we will remember our Mr. Don. Blessings to his cherished family. The Burnett & Anderson Families.*
