“ My brothers and I were very sadden to hear about the passing of our cousin Doug. Our hearts and prayers go out to his wife Patty and their children ,their grandchildren and great grandchildren.His family meant the world to him ,I know this because we were family too. Our oldest sister , Ruth and Doug were almost the same age and were very close. When our families got together the two of them were the ones in charge of keeping an eye on us younger kids when we were playing outside. They never seemed to mind even tho we were a lot younger then they were. Doug would always make us laugh, play games an tell us stories . When Doug an Patty got married they would have us over to their place where we would play Monopoly for hours. Our sister - in -law said she thought they were the coolest grown ups she,d ever met. Their door was always open for family and friends to come visit anytime. I remember when Aunt Maxine passed ,all of us were sitting outside around the picnic table listening to Doug tell us stories about his Mom and Dad and his life growing up. Ruth would talk about our family too. Telling us things I had never heard before. That's how we learned about the history of who we are an where we came from. I wish I would have paid more attention now because I'll never hear stories from them again. One of the biggest lesson I learned of them is that family is everything. No matter where we came from, or what we did they would always have our back Family will always be there, no matter what. He will surely be missed by all of us . We Love YOU Susan (Karr) Miller Tommy Karr and Jerry Karr
