

Elsie Marie Wilson

April 1, 1921 - October 23, 2014

Elsie Marie Wilson, 93, of Visalia, passed away while in the presence of her family on Thursday, October 23rd, 2014.

"Marie" was born on April 1st, 1921 in Stillwell, Oklahoma to Marion and Frances Edgmon. She attended various schools in Oklahoma and California. Marie worked at Lockheed, in So. Ca. on the assembly line during WW11, at the Olive Plant in Visalia stuffing the pimento into olives, packed various fruit at the Red Banks packing shed and ended up sewing custom drapes in Fresno, Ca.

Marie met her one and only love, Charlie, while working in the orchards in Marysville, Ca. She and Charlie had a marriage that lasted 73 years until he passed in 2013. That is an accomplishment very few will ever experience, together forever.

Those who knew and loved Marie respected the traits of being Missouri, Oklahoma and Irish strong. We will forever miss our mother, grandma and great-grandma, because, you know there was only one made especially for us.

She is survived by her only child, Louise Koop, grandchildren Kim Hills (husband John) and Eddie Koop (wife Amy) and great-grandchildren Ethan Koop and Dylan Koop.

We would like to extend our heartfelt thanks to neighbors Rick and Leona and caregivers from KDH private home care Nelly and Pauline.

Graveside services will be held at 10:00 on Wednesday the 29th at Visalia

District Cemetery, 1300 W. Goshen Ave. Visalia.
