“ Thank you to Gardiner, and to Fran too. Gard was so helpful to us when we were in the Porsche Club--helping us get to the right mechanics for set-up, etc. He was especially knowlegable about the early 911's. Bob (deceased 2007)and I were so grateful for his help and mentoring when our car was stuck in reverse and we were out of state. Blue eyes, you were the greatest....and Fran, you were special too.
