“ *Mr. Shadrick cut my hair in Three Rivers. He was such a sweet and nice man and I appreciated his work. He thought so much of his family and talked a lot about his young grandsons. I will miss him. My thoughts go out to his family.*

“ *Gary cut my hair here in Three Rivers on New Years Eve day. We always enjoyed visiting with one another and catching up on family, our travels and our various activities. I knew he was fighting the cancer as hard as he could but I didn't expect to hear of his passing this month... He will be missed mightily by not only me but the many who grew to know and care so much for him. Rest in peace friend.*

“ *I'm so sorry to hear of Gary's passing. He was such a good- hearted guy who was always ready to share some laughs as he artfully cut my hair. He was a font of information about Three Rivers history and we never shared a dull moment. Golf and fish in peace Gary. See ya 'round.*

I knew Gary from grade school in Woodlake and I would say he was my best friend in our early years. God Bless you my friend!
