“ Grandma Helen was so caring, She did so much to help my parents, brothers and I. We lived in their house for over a decade rent free while she and Grandpa were still in San Jose, she also paid for the family car. She has done so much for us.

I remember one year on my birthday when I was in high school at Golden West she came to Visalia to surprise me on my birthday. But I wasn't home because I was performing in color guard at Disney Land that weekend. So she had my parents call me from the house, so she could wish me happy birthday. Then when I got home my gift (a guess watch) was waiting for me! That is something material but what meant the most to me was that she took the time to drive to Visalia. I will miss her dearly.
