“ i was not able to make the wake or funeral for Janet...but I remember what a beautiful and nice person she was...I met Janet when I first moved into a Villa 4 years ago...I sat and talked with her on a bench outside of Foster where she lived...she invited me and my dog Lucy to come up and see her apartment! She was just so nice and friendly.

I also knew her from water aerobics classes (we were in the first synchronized swimming show together...and I had dinner in the lounge with her a few times...and we were also in chorus together.. she told me about Christmas Eve with the family...I could tell that she truly loved her children and grandchildren... again, I am sorry I could not attend the funeral...but want you to know how much I thought of her....Sincerely, Barbara Murphy
