“ *The obituary picture of Aunt Jeanne was found online. I knew her well when we were in our teens and after she married Steve Zulik. Lost contact with her and Steve after she moved away from Saskatoon to move to California, I believe. I know she had two sons whom I do not know. I would appreciate receiving information from them regarding their lives as a family growing up in the US. Would appreciate information about Aunt Jeanne, Steve and the boys. My name is Lawrence Happ, son of Florence Boire, the eldest sibling of the Boire family while Jeanne was the youngest. She was four years older than me.*
