“ Share a memory of Johanna Sarah Barrett-Lane, or send a condolence to the family...Johanna & I worked together back in 2003 in pharmacy. She always had a smile on her face & always gave advice & encouraging words whenever needed. I'm so sorry for your loss . Thank you Johanna for your knowledge & patients.

DS

“ Embrace it, tackle it and take charge. When I see those words I think of you Jo, whether you were mastering the art of growing mint (how many varieties?) and gardening, working on Christmas ornaments or tackling the big "C", you never gave up. Perseverance was your other middle name. What a wonderful example of living you gave us. You shared your love with all of us. We love you and miss you dearly and look forward to when we can meet again to renew our friendship. Until then put on your gardening outfit and just keep serving them mint tea. Hugs and kisses going your way.
