My brother, my forever friend. The ties that bound our hearts together, when life has just begun, will always keep that love alive wherever our path may run. I will miss you dearly until we meet again, love you always your baby sister Jane.

John, as our families joined together, you were there. When our grandson was born you were always there. You mean so much to this family and it is very hard for them to carry on. Yet knowing they will see you again - I hope brings them comfort. You were taken way to soon. But they will carry you in their hearts forever. God Bless you.
