“ Marsha,

I was very fortunate to have Joe for my boss. He always let me know family came first. I have so many memories of my life at Joseph F Cotter Accountancy Corporation. He taught me so much. My working for Joe changed my life.

We always baked a pie or cake for birthdays. It was my turn to do Joe's. I made him a homemade cherry cream cheese pie only to find out he didn't like cherries. I was so upset, but it never happened again. His expectations were high, but he taught me how to reach them. He was a good teacher. WITB "what it takes to balance....still sticks with me today.

I just want to express my deepest sympathy to you and your family. I was greatly saddened to hear of his passing.

Sincerely,

Linda Pfeiffer
