Julia Cuellar Vallejo

June 10th 1946 - January 20th 2023

Our beloved mother, grandmother, sister, and aunt went to be with our Lord Jesus peacefully on Jan 20th, 2023, in Florence, Alabama at the age of 76. Julie (as she was known to her family and friends) was born in Visalia, California on June 10th, 1946, and was preceded in death by her parents Epigmenio Cuellar and Librada Gasca Cuellar. Also preceding her in their death were her brothers Lazaro Cardenas, Johnny Cardenas, and Eduardo (Eddie) Cuellar.

She is survived by her children Arturo Rivas Vallejo Jr. (wife Glenda), Charles Cuellar Vallejo (wife Marty) and Magdalena Vallejo Lira (husband Russell) including 6 grandchildren. She also leaves behind her brother Raymundo Cardenas and many nephews and nieces.

Julie loved music and played the clarinet at Redwood High School until she graduated in 1965. She then continued playing while attending College of the Sequoias. Julie worked as a receptionist at Kaweah Delta Health Care until she retired. She then continued helping and caring for not only her grandchildren but also volunteering to help others wherever she was needed. She loved attending her grandchildren's special events and loved to be in the

front row to make sure she did not miss a moment.

“ My name Bea Hernandez, I just wanted to share a few memories about Sister Julie: a forgiving person, a person that would love unconditionally, no matter who you were and always ready to help. My sweet Julie, comadre and sister in the Lord with a new address with our heavenly Father.

Met my sister in third grade at Highland School, it was my first day at school. I will not ever forget those sweet words. Julie came up to me and said, "Would you be my friend?" Immediately I said yes! We would be best friends for the rest of lives. We went through the high school years, attending all the school football, basketball and wrestling events, after school dances were our priority. We had this special little black dress that we share, she would pick up the hem and I would lower it. After many years, we would still laugh about it. Julie had a heart of gold. She convinced me to be part of the Redwood Talent Show. We practice and practiced, she wanted it perfect. (Song: Mr. Postman) We were the Marvelettes for a moment. We were also part of the song, Twist, presentation (background dancers) Oh! I can go on and on. Art, her husband and Julie took my daughter, Teresa, to church to get baptize, back in the day. The most important part was when my husband, David, and I got saved at a prayer meeting at Julie's house. We accepted the Lord in our hearts. That would change our lives forever. I miss you my friend, I will be forever grateful to God for giving me such a wonderful, precious friend. You will be forever in my heart. I know we will see each other one of these days. The Lord is faithful. I can see you now dancing and laughing, no pain, just enjoying the presence of the Lord. Love you my Sister Julie.

“ *My  grieves for this untimely loss of my Nina. My childhood is filled with memories at her home, at family & friends gatherings anywhere & everywhere, living with her briefly as a high schooler. One of the first to meet my newborns at KDDH. Wow how time gone by in a blink. So thankful to have instant contact thru FB. So grateful to have her in my life. Love you so much Nina   * ”

“ Grandma you helped raised me, taught me to be kind , how to love, how to cherish the little things and I always wanted to make you proud of who I have become today. I am at a lost from losing you. You brought me joy and tons of love introducing all of your friends to your grandson. We had a bond that is not ordinary something that can't be written into words but we knew what it meant and that's all that matters. You were a one of a kind and always brought the brightest out of others. I am always going to cherish all the moments with you especially joking around with reminding me to find someone that can make homemade tortillas. I love you grandma, I'll see you again and I pray we all find peace after losing you.

“Grandma Julie I’ll always cherish our food dates! From Denny’s to Blackbear Diner to our last In n Out together. I’ll miss your voice when you’d say, “Is that my Princess of the Valley?” I’ll miss your checking in messages. I’ll miss your “Angela Monique!” when I would say something but then you’d laugh. I’ll miss your smile. My memories as a child when you would pick me up on the weekends. Those surprise visits when I’d visit you at work. You were my cheerleader through all my years! Our Lord called you home and you sing with the Angels now! ❤️ I love you Grandma ❤️
