“ *We loved you from the moment we found out that you were coming into our family and we loved you even more in the short time you were with us. You were a little trooper till the end and we knew it was a struggle for you to be here with us, giving us our precious memories of you. Thank you for giving us the little time you did and letting us love you, bring joy into our family.. We take comfort in knowing that you are at peace. We will carry you in our hearts forever...*

I can only hope that as time goes on, our pain will fade but our hearts will forever be true to the memory of our littl Katelyn Margarite(maggie) Bean.

I leave this message for my nephew Chris Bean and his family," We are family and when one member of our family is hurting than we all are hurting. we all feel the loss and pain but know that we are all here for you and your'e family, All we can do now is take it day by day and take comfort in knowing that you have family that love and care for you all."

“ We didn't get to spend the time we thought all grandparents think that they would.... We didn't get to see if your eyes would stay blue or turn green, and we wondered, will your hair be golden blond and shine and blow through the wind as you would run and play out doors with your sisters and cousins. We never got to have that with you. We had so many other memories, like you stretching out your little neck, with your mouth wide open, and your eyes half open, as if to say leave me alone people, I'm tired. I sat and watched your mother nurse you and laugh at your silly faces as she burped you. As I just waiting to get that just right picture of your lil face. Yes every moment I was so proud you were here with us a part of us. But now my lil sparrow has fallen and all I have are the many pictures and few loving memories of you. Memories I hope I never forget, and so thankful you have let me have! We will miss you dearly my lil Katie
