“ We're gonna miss you big Ken, had a lot of good memories living next door to you for so many years. One memory that stands out is the time my parents took us camping with Ken, Sherrie and little Kenny at Buck Rock. I remember Ken waking up early and making breakfast for everyone. Dont forget all the good times at Kens garage.

“ My condolences to Sherrie, her family, & the family & friends of Kenny. He was a great guy to know & to be around. I always enjoyed the time I got to spend with him. Although we worked together for six years, and had work-related talks, most of our conversations were about family. In just talking to him, you knew right away, he really loved his wife & his family. He also enjoyed taking trips - getting away. I enjoyed listening to his stories about those trips, every time he came back to work. I'm going to miss those talks we had, about work, family, & life. I'm going to miss his humor. We could make each other laugh with just the simplest of comments. Although it was only 6 years, it was an honor to have known & worked with Kenny.
