“ *My mom was the best mom in the world. She was beautiful, smart, funny and a joy to be around. She was a wonderful grandmother and mother. She was the strongest person I've ever known. I miss you, mom. I love you.*

“ *I was honored to know Linda as the mother of my sister Michelle's husband Doug. While I was only around Linda a half a dozen times or so, I will never forget her beautiful smile and gentle manner and grace. She beamed when she talked about her kids and grandkids and you could tell how much she loved them all. I have know her son Doug for more than 20 years and I know they were always close through the years and had a beautiful mother and son relationship. Our hearts and prayers go out to all of Linda's family and friends and everyone who loved this beautiful woman including our family. She will be surely missed!*

“ *I have been blessed to know such a wonderful, strong, funny woman. Although most of our friendship was at work, you never hesitated to reach out to lend a hand, a kind word or expression of faith. We worked together for 32 years, raising our families and sharing stories, both good and bad, to both laugh and cry about. You will be missed by all. May your family find strength in knowing you have been loved by so many and positively touched and impacted so many lives in the years God allowed you to share with us. May you rest in peace in friend. You will be missed!*

With love and fond memories!

“ I am grateful to have known you since March, 1982. We were co-workers and friends at VMI (Voltage Multipliers, Inc.). You were a beautiful person both inside and out and I miss seeing your big smile here at work each day. We shared a lot of stories about our families and we even shared the same wedding anniversary date. I will always remember how much you loved your flower gardens and yes, I still miss those wonderful cherries from the tree you once had in your front yard. You always had such beautiful garden images on your computer monitor and I would ask about them, thinking they were downloaded from some website, but instead you would reply that they were taken in your yard. I used to look forward to certain holidays when you would bring in little gift bags of your wonderful sugar cookies. I don't know what made your sugar cookies so special so I can only think it was the love from the person who baked them. Each one was perfection. Of course, same was true with the assemblies that only you could produce. Works of art, each and every one. We miss you a lot at VMI. You were such an important person in many ways and now you are missed by more people than you would have ever imagined. My heart goes out to those that are now left missing you. May GOD bless you and hold you in his memories and grant you peace in a new life free of pain. Thank you for being my friend.
