“ *I was saddened to hear of your mom's passing. I hope you're comforted by the years that she spent with you and the memories that you'll surely have forever.*

I remember your mom as a very feminine woman who was always perfectly groomed and whose home was immaculate. I believe she was fiercely protective of her family and loved her girls above all else. She was very attractive and the envy of some of the other moms. I hope you and your family get through this difficult time with peace and good memories to cling to.

Thinking of you
