“ *I believe it was 1995 and Michael was one of the first Mt. Whitney Graduates that I had the pleasure of enlisting in the US Navy. I was so proud of him and as luck would have it, about a half decade later I would run into him in Visalia after he had finished his service to our Country. We would run into each other several times, sometimes chatting and sometimes with just a honk and wave. Never would I think that I would read about losing a friend of sorts at such a time. Leaving his son and soon to be wife. Fair Winds and Following Seas Shipmate! Rest at Peace! We have the watch!! Enjoy your time with Thomas and your Dad, and share your sea stories with all who wish to listen!*

“ I remember him from highschool and after with friends that we had in common and could always count on him for a laugh and an unexpected outburst response to a conversation when he wanted to let you know that he was there and weren't aware that he was !

He will be missed by many and I will always have great memories of him and of the weird conversations and fun we had !

I will remember meeting his son for the first time and how proud he was to show him off and how when I see his son now I can see Michael and will remember him through his son.o
