“ I had the pleasure of working with Nathan when I was at SVS. He was a bright guy. Really happy and jolly. He would always have maps, pictures, magazines, and many other gadgets like pens and markers with him every time I'd pick him up from his home. His parents were also so nice. Nathan wouldn't leave the house without a kiss from his mom. I know Nathan will never read this but rest well buddy.

Nathan was my Grandson, He lived his life representing Gods unconditional love for all others. Jesus, was first and foremost in his life, then came his love and special blessings for Mom, Dad, Grandma, family, and friends. Nathan and his best friend Woody will always live forever in my heart. As he now lives with Jesus forever. Grandpa Steve
