

Pamela Jean Cadiena

August 1, 1956 - December 18, 2020

On December 18th 2020 our sweet and kind mother Pamela Jean Cadiena left us. She was diagnosed with Stage 4 Uterine Cancer in March of 2019. Pamela was born August 01, 1956 in Dallas Texas, the daughter of Gene Cox Brown and Ardis Jean Bookman. In addition to her parents Pamela was survived by her children Michael, Rachel and Kristen. Surviving in addition to her children was her mother Ardis and sister Cathi.

Although our mothers wishes did not include a funeral, wake, or memorial service as a family we decided the best way to honor and remember Pamela was to donate to the hospital (Kaweah Delta Medical Center/ Visalia, CA) that treated her with so much kindness and compassion in her final days. We cannot express enough appreciation and gratitude to the entire staff at their facility. From the ER doctors in the ICU to the nurses in the Comfort Care down to the transports who took our mother to Hospice. From the moment we entered through their doors our family was greeted with respect, care, and kindness despite the difficulties surrounding us with COVID 19 restrictions.

Should you wish to also donate we have copied a link below for your reference kaweahdelta.org/Foundation.aspx <<http://kaweahdelta.org/Foundation.aspx>>
