

## Paul Joseph Mosqueda

December 26, 1977 - March 28, 2022

On Monday, March 28th, 2022, Paul Joseph Mosqueda, a loving son, nephew, cousin, friend, husband and father; passed away at the age of 44 in Visalia, Ca. PJ was born in Visalia, Ca on December 26th, 1977 to Paul and Esther Mosqueda. PJ was known for his easy 💎 going personality and the ability to lighten the room with his great sense of humor. He loved working with his hands and using his favorite quote of "And they said it couldn't't be done" whenever he completed a project that he was proud of. PJ loved to work on his black Camaro when he was younger and always set time out to watch his favorite football team the Raiders on Sundays. He enjoyed being outside in the sunlight especially when he was able to spend time with his beloved dog Coco.

PJ met his wife Micah at work and won her over with his quirky sense of humor and making her laugh. They married on July 4th, 2013 surrounded by close family and friends in Farmersville Ca.

The thing PJ loved the most was his family. He always put his family before himself and was never frugal with his love. However, his biggest accomplishment was becoming a father to five wonderful children. He shared with them his love of music ranging from the early 90's to modern day.

Together they would sing and dance together to Bill Withers, Al Green and Richie Valens. Then they would all sit down for movie night and watch some of PJ's favorite movies such as Rocky or any type of horror movie.

PJ is survived by his wife, Micah and their children Hannah, Daniel, Grace,

Isaac and Ezra Mosqueda, His parents Paul and Esther Mosqueda, his sister Sarah Mosqueda, nieces Leyla and Nevaeh Garza, nephews Jonathon and Anthony Garza, uncles, Pete Mosqueda and David Mosqueda, and aunt Rose Marie Mosqueda.

“ When PJ was still recuperating at Kaweah Medical, he was having surgery to remove the tubing for breathing and monitor his heart (after which he would be moved to rehab facilities). Well there was a complication. He told me that before being wheeled to OR, an older nurse with an old fashioned white uniform came in and told him he was going to be okay and not to worry. As more nurses came in to monitor him on the way to OR, this nurse walked with everyone else and reassured him everything was going to be fine. He thought he was hallucinating due medications. He told his nurse he wanted to thank this special nurse for staying by his side and for her words of encouragement. The nurse told him that none of their nurses dressed that way and she went to the nurse's station and no one else saw this older nurse. God had a plan for him but wasn't meant for this earth much longer! To my son, you were special in God's eyes even before he took you home. I've always known you were special since day one! Until we meet again, I love you forever!!!
