“ To My friend: Pedro Poblete

*I want to say this; I meet Pedro in 1974 at my wedding, in Guadalajara, he was accompanying my Sister-in law Ana, then I meet him again in 1976 in Long Beach Ca.*

*As you see it has been a long friendship, but since the first time I meet him I knew that he was a generous person. And that was proven when just three months latter he let me borrow his car so I could go and apply for a job in Gardena, this was just the beginning, latter on he help me in so many ways that it is not possible for me to remember, from paying for the tickets to see the Sonora Santanera to going to Tijuana and paying for the coyote so I could get back home. To lending me money when I was broken, or going together to las playas bar and closed it at the end of the night and paying the bill the next day. I could go on and on, so for more than 40 years I could say that Pedro Poblete was my friend, my compadre and my older brother.*

*Now he is going ahead of us but he will always be on my heart. For what he was a good human being, generous, and happy person, that God allowed me to meet and know.*

*So, as we always said to each other: I te veo luego compa.*
