“ I remember the first time I saw Peggy. I noticed the most stunning woman across the room, sitting with Judy Lee. Judy and I worked together at Josten's but this gorgeous woman didn't and it was a work party. I asked Judy who she was. It was Peggy. She was wearing a brown. long sleeved jersey dress. I noticed how she smiled and how she laughed. Judy introduced us. She made such an impression on me. One that would last a lifetime. Later, Peggy became my coworker at Josten's. That's when we became such wonderful friends. I cherish those first memories and the many many others after.

Im so sorry for your loss, kids. Your mother is one the strongest, most resilient women I've ever known.

“ Peggy you are and always have been my dear friend. We worked together, laughed together and cried together. I will miss you but I know you're blessed and at peace now because you are perfect. The perfect mother, an amazing cook, so talented in so many ways. You are caring, sharing, funny and the most giving woman. You've always been there to give a helping hand. I will miss you. I'll miss your telephone calls. My heart is broken. Peggy, I will see you again one day and we'll laugh, just like we always have over the last 40 years. I love you Peggy.
