*Our sincere sympathy to family. Randy was a genuine friend of our family. I remember his smile and big brown eyes! May you find comfort knowing that Randy is now at rest in God's hands..*

*Randy, an older brother I never had yet remembering of our times together, your 57' Chevy, our driver taking brother Ray and me to school. You always had the right answers to my driving or automotive questions. Loved the Corvair times putting around town. Best of times forever.*

*I am deeply saddened to hear of Randy's passing. I went to high school with Randy (go Rangers) when we used to chisel our answers on stone tablets (a la Flintstones) I will always remember what a good natured guy he was...always maintaining his cool under fire! Even during the times I got him into a little trouble!!*

*In life, people believe in a lot of different things. As for me, I believe that Randy is now with his maker, where the best inevitably belong.*

*My heartfelt condolences to Randy's family and friends.*
