“ It was a pleasure to call Richard a close friend of mine. Started from a random beach trip me and some friends decided to make at 9 at night. We had to ride in the trunk together cause the seats were packed and we didnt get home till 8 in the morning. We did alot of late random trips... you taught me how to ride a motorcycle. You accompanied me to the fair and for a good while we spent almost everyday together till you started at the truck wash but even then Id sit at your work with you and wed sotnaround a fire. There are so many good memories I could share but it'd take forever. It was amazing how when you cared for someone you'd do everything you could for them and im glad I got to experience that. You were an amazing guy and Im never going to forget you. You never failed to make me smile. I miss you so much Yogi. I know you're probably watching over us all. Ride in paradise❤️

“ *You were always there for me. I wish there were something I could have done. But you were always a free spirit. Your temper was crazy and scary at times but when you cared for someone there wasn't anything you wouldn't do for them. You opened my eyes to a different world and introduced me to many things. I remember you coming over just to fix things we didn't know were broken haha we have done so many things its hard to pick just one thing. I'm grateful I got to be apart of your life and create memories. <3*

*You will be missed, not forgotten.  
until we meet again Richard <3 Fly High*
