“ I'm so sorry to hear about Teddy passing. I saw in the paper too late to attend the service. Teddy will always hold a special place in my heart. My family said as much when I told them. Our condolences to the Terry family. You all have always been so kind. God bless you all.

“ My thoughts and prayers to the wonderful Terry ladies that they find peace that Teddy doesn't have any pain or suffering any more. I know Teddy was so special to you. He was a great guy. He was always kind and very generous to me. Sure miss those days of coming to work and a fire is lit in the big BBQ. Always knew it would be great..

*Love you guys. Hugs.*

“ Dear Terry Family,

*I was saddened to read of Ted's passing in the paper. He was one of my all time favorite students and he was so kind and forgiving to a first year teacher. I loved my first class of students(Mineral King, 4th grade, fall 1971). I sometimes wonder what I taught them but they certainly taught me loads. I remember Ted as a kind and thoughtful classmate. He always wanted to do the right thing and he was such a hard worker. I know school wasn't his favorite place to be, but he always tried his best. I ALWAYS think of him this time of year because of a conversation we had. He came to school with very dark palms which was really surprising since he always came to school clean. I thought he must have been playing in the dirt before class started. I simply told him to go wash his hands. He looked at me kindly and said, "I can't Miss Roper. I've been picking up walnuts and they stain your hands.). Dumb me. What did I know about walnuts staining your hands? So every fall when the walnuts are being harvested I think of that little boy who taught me about walnut stain on your hands. And believe it or not, in 39 years of teaching I never had another student who had stained walnut palms.*

*I saw Ted at jury duty many years ago. I was thrilled to recognize him so I went over to speak to him. We had a nice visit and he seemed happy and successful and what more can we wish for our loved ones. He was that same sweet boy in a man's body.*

*Mrs. Terry, I remember a wonderful loaf cake you made for me. It had coconut and I don't remember what else. I just remember it was delicious. I bet it's a family favorite. Please accept my condolences. The world is a better place because of Ted and I was a better teacher because of him.*

*Fondly,*
