“ To Randy and family, I just learned of Toni's passing, very saddened to learn this. I was fortunate to forge a friendship with Toni at Centerville and Sanger High. She was always happy and treated everyone with kindness. Randy, myself & others she and you touched going back several years are saddened by Toni's passing. God Bless you and your family. “ Randy: I am truly sorry for your loss. The one memory that I have is when you and Toni house sat for Kathy and me when we went out of town and when we came back the pool was the most beautiful emerald green that I had ever seen. Apparently some leaves had blocked the drain and the filter could not filter the water. We had to drain the pool and clean the tile. I know you and Toni felt bad but we all had a good laugh when all was said and done. Please stay in touch and when you come to Oakland for a game, call me and we can go together.
