“*How heavy my heart is today to learn that William has left this earth, but is in the arms of God forever. As one of his teachers at GWHS, I can attest that he was the heart and soul of what all teachers would wish their students to be. William demonstrated and shared the pillars of character (trustworthiness, respect, responsibility, fairness, caring and citizenship) with everyone around him. We can't forget his dedication to working hard and a great sense of humor. He chose to devote many lunch break times in our work area doing class work and asking for tutorial assistance. It was a pleasure to work with him in those days. I have often thought of him and so happy to read that he was blessed with his own family in the later years. Sorry about his illness and may he rest in peace. Special sympathies are sent to the Martinez family.*

“ *I provided care for Mr. Martinez. No matter his pain; Will was always in a good mood and greeted me with kindness and humor. I often told him jokes, it was easy to make him crack up and we'd always both end up laughing throughout his treatment. He had a great sense of humor. Will always talked about his wife and children. I will remember you Will. May u now Rest In Peace. 🙏*
